### Ways to Protect your Identity

With the explosion of internet financial transactions and increasing use of credit and debit cards, it's more important than ever to protect your electronic identity. Here are some tips to remember:

- \* Avoid carrying all your plastic cards, Social Security number or passport.
- \* Reduce the number of active cards you have.
- \* Do not write your password or PIN on your card, memorize it.
- \* When shopping on the internet, buy from recognizable, reputable businesses.
